

"Wouldn't You?"

But did my face was the sweetest
And I loved her ever had known,
The hobnobbing my singing,
And the nightingale mimicked its
My smiles they quarreled with cher-
ries under eyes tender and blue;
My kisses they angered the sunbeams,
I smiled on them, "wouldn't you?"

He told me my fingers were dainty,
My lips only in a daisy to kiss,
And wouldn't I give one of the sweet-
est such a poor bauble as this?"

But I thought not to be done it,
And I looked so beseeching and true,
And the ring was so pretty I took it,
And gave him a kiss, "wouldn't you?"

But did he then was a dear cottage
Just down near the rocks by the sea,
Where the sweet roses nodded a wel-
come.

And the mocking birds waited for me,
With myself, of course, for a master—
Was made plenty large for us two,
I forgot what I said, but I'm thinking,
I kissed him again, "wouldn't you?"

Paper-Mache in the Art.

Manufacture and Builder.

The use of paper-mache in the practical and ornamental arts has multiplied greatly within a few years. It is improved character and manipulation it is applied by the cabinet-maker and upholsterer, with really surprising effect, to the enriched carvings of bookcases and cabinets—to their moldings and corners, and to the ornaments of paneling on their doors and sides; to the elaborate scrollings of per-tables and similar pieces of furniture in the French style of manufacture; to ornamental brackets for lamps, basins, vases, etc.; to the decorative borders of room hangings with paper or other material; to the ornamental parts of picture and mirror frames, however curved and detailed in their pattern; and in almost infinite variety, to the various uses of the material.

THE GENUINE

DR. C. McLANE'S

LIVER PILLS

FOR THE CURE OF

Hepatitis, or Liver Complaint,

DYSPEPSIA AND SICK HEADACHE.

Symptoms of a Diseased Liver.

PAIN in the right side, under the

edge of the ribs, increases on

pressure; sometimes the pain is in the

left side; the patient is rarely able to lie

on the left side; sometimes the pain is

felt under the shoulder blade, and it

frequently extends to the top of the

shoulder, and is sometimes mistaken

for rheumatism in the arm. The stom-

ach is affected with loss of appetite

and sickness; the bowels in general

are constipated, sometimes alternate with

lax; the head is troubled with pain,

accompanied with a dull, heavy sen-

sation in the back part. There is gen-

erally a considerable loss of memory,

accompanied with a painful sensation

of having left undone something which

ought to have been done. A slight,

dry cough is sometimes an attendant.

The patient complains of weariness

and debility; he is easily startled, his

feet are cold or burning, and he com-

plains of a prickly sensation on the

skin; his spirits are low; and although

he is satisfied that exercise would be

beneficial to him, yet he can scarcely

summon up fortitude enough to try it.

In fact, he distrusts every remedy.

Several of the above symptoms attend

the disease, but cases have occurred

where few of them existed, yet exam-

ination of the body, after death, has

shown the LIVER to have been exten-

sively deranged.

AGUE AND FEVER.

DR. C. McLANE'S LIVER PILLS, IN

CASES OF AGUE AND FEVER, when

taken with Quinine, are productive of

the most happy results. No better

cathartic can be used, preparatory to,

or after taking Quinine. We would

advise all who are afflicted with this

disease to give them a FAIR TRIAL.

For all bilious derangements, and

as a simple purgative, they are un-

equalled.

BEWARE OF IMITATIONS.

The genuine are never sugar coated.

Every box has a red wax seal on the

lid, with the impression DR. C. McLANE'S

LIVER PILLS.

The genuine McLANE'S LIVER PILLS

bear the signatures of C. McLANE and

Fleming Bros. on the wrapper.

Insist upon having the genuine DR.

McLANE'S LIVER PILLS, prepared by

Fleming Bros., of Pittsburgh, Pa., the

market being full of imitations of the

name McLANE, spelled differently but

same pronunciation.
